

Mavzu o'zgartirish juda oson. Googlega shunchaki “Windows 10/11 themes free” deb qidiruv bering va istalgan saytdan yoqqtirgan mavzuni yuklab oling.

Mavzular \*.themepack formatda bo'ladi.

**Yuklab olingan mavzuga kiring o'zi o'rnatilib qoladi. Mendagi ushbu mavzu soddaroq ekan. Ba'zi mavzular piktogrammalarni va butun tizim elementlarini o'zgartirib chiroyli qilib yuboradi**
